All companies desiring to do business with state agencies must complete an "Indiana Economic Impact" form. The form asks for, among other information:

- The amount of the contract that is being allocated for payroll and benefits to Indiana residents
- The amount that is being awarded to Indiana subcontractors and suppliers
- The amount that is being subcontracted to Indiana certified minority and women owned businesses

The collection and recognition of the information collected with the Indiana Economic Impact form places a strong emphasis on the economic impact a project will have on Indiana and its residents regardless of where a business is located. The collection of this information does not restrict any company or firm from doing business with the state.

NOTICE TO INDIANA SMALL BUSINESS BIDDERS

The vendor assures that if they are receiving this award based on the Indiana Small Business Preference that the vendor will be performing a minimum of 80% of the work involved with their own forces. This contract is not assignable either in whole or in part, nor shall it be subcontracted after award without the State's prior written consent.

By signing the certification page of the solicitation package you are certifying adherence to all bid requirements as well as the above notice.

			which follows the suggested training path suggested for training developers with a background in procedural language programming. For the introductory course, the curriculum should include approximately 2 days of training in object oriented concepts in addition to learning the Java programming language. The intermediate course must move beyond basic Java fundamentals and teach students how to use Eclipse and/or RAD V6 to develop and test 00 applications. The third course must cover Java Servlets and JSP development using RAD V6.
